**Findings and Order
Acknowledging Filing and Setting
Date for Hearing on Petition
(103E.806)**

The Polk County Board of Commissioners, at its regular meeting on March 17, 2026, considered the petition for the abandonment of a portion of Polk County Ditch (CD) 70 described as starting at the southeast corner of Section 27, T149N, R48W, thence west along the northside of County State Aid Highway 45 for approximately 1900 feet, then northwest to the northwest corner of Section 27, T149N, R48W, and there terminating. Upon review of the petition for abandonment, Commissioner _____ moved, seconded by _____, to adopt the following:

Findings

1. On or about March 2026, the Polk County Highway Engineer received and filed the petition of Gary Wagner under statutes section 103E.806, to abandon a portion of Polk County Ditch 70 in Section 27 of Roome Township, Polk County.
2. The petition describes the portion to be abandoned as “County Ditch 70 starting at the SE Corner, Section 27, T149N, R48W. Thence west along the northside of County State Aid Highway 45 for approximately 1900 feet, then NW to the NW Corner of Section 27, T149N, R48W, and there terminating.”
3. The petition asserts that the portion of CD 70 proposed to be abandoned is not of public benefit and utility and does not serve a substantial useful purpose to property remaining in the Polk County Ditch 70 system.
4. In response to the filing of the petition, the Polk County Highway Engineer requested a meeting of the Drainage Authority for CD 70 to discuss the petition.
5. The petition meets the requirements of statutes section 103E.806.

Based on the foregoing findings, the Drainage Authority makes the following:

Order

- A. The Drainage Authority acknowledges the proper filing of the petition.

- B. The Drainage Authority sets a hearing on the petition for June 2, 2026, at 9:00 a.m., at Polk County Government Center, Commissioners Room, 612 N Broadway, Crookston, MN 56716.
- C. At the hearing, the Drainage Authority shall consider the petition and accompanying information, along with any additional evidence or testimony received at the hearing to determine whether the portion of the drainage system proposed to be abandoned serves a substantial useful purpose as part of the drainage system to any property remaining in the system or is of a substantial public benefit and utility.
- D. The Polk County Auditor is directed to give notice of the hearing by mail to the owners of all property benefited by CD 70, and either in a newspaper of general circulation within the affected drainage area or by publication on the Polk County website.
- E. The Drainage Authority directs the Polk County Engineer to review the information accompanying the petition and to provide a report to the Drainage Authority, in advance of the hearing, on whether or not the portion of the drainage system proposed to be abandoned serves a substantial useful purpose as part of the drainage system to any property remaining in the system or is of a substantial public benefit and utility. The engineer shall include in its report any recommendations for conditions of partial abandonment that, if met, would facilitate the partial abandonment meeting the statutory standard.

After discussion, the Chair called the question. The question was on the adoption of the Findings and Order and there were ___ yeas and ___ nays as follows:

AGENDA ITEM: Approval of Abdo Services Agreement – Social Services

Process Evaluation

SUMMARY: This agreement is to utilize the services of Abdo Financial Services, Inc. to review and help coordinate fiscal processes with the Finance Department.

1. A key to moving ahead later this spring with new financial software is to coordinate fiscal processes with the County's Finance Department to assure a clean roll out of new software. Social Services has traditionally managed its own fiscal operations. This would help assure coordination later, while also assisting in determining an appropriate software.
2. A priority in acquiring new finance software for the County will be the ability to integrate SSIS between DHS and the county. In fact, there will be no recommendation to proceed with the purchase of new finance software without the assurance this can be done. This places the needs of our Social Services department at the forefront of any decision going forward and therefore using Abdo to assist will help to make this possible.
3. Abdo does have a former Social Services fiscal manager on its staff who will be assigned to this process evaluation. The evaluation will identify fiscal operation issues to address and how best position functions between Social Services and the Finance Department as we approach new software acquisition.
4. We will continue to utilize the Abdo staff, particularly Annette Storm in addition to the staff identified in the proposal. The cost for this evaluation is \$19,000.

ACTION REQUESTED: Motion and action approving the Abdo services agreement for a Social Services Process Evaluation.
